GUIDE OF THE PARTICIPANT

«Moscow DIVE SHOW 2016»

NOT EQUIPPED AREA / CONSTRUCTION OF THE EXCLUSIVE BOOTH THROUGH THE THIRD-PARTY BUILDER:

Carrying out by exhibitors on their own or attraction by exhibitors on performance of dismantling, art and decorative works of third-party builders is possible only if exclusive exhibition booths are constructed.

The exclusive is understood as the booth if for production were used other materials (wood, a chipboard, a hardboard, fabric and other). Exclusive booths are also those which are made of exhibition construct, at which production individual design development is embodied and production of exhibition designs of non-standard type and the size is required.

Pasting of panels, drawing logos, accumulation of height of walls, using at the stand of subscales, electrodynamic designs, portable friezes and other additional elements from Form No. 2, don't transfer the booth to the category of the exclusive.

Renting not equipped area, you are responsible for a construction, equipment and furniture of the booth. The design of the booth has to be executed according to rules of an exhibition and is coordinated in advance with the Exhibition Organizer. Installation of the booth will be forbidden in case of non-compliance with the existing requirements.

In case of building and equipping of exhibition booths and/or production of construction installation works by the third-party organization (builder), the last has to follow all rules and conform to requirements of **accreditation**.

Accreditation is given by results of carrying out the examination of engineering documentation of the booth which is carried out on a commercial basis.

The company builder will be allowed to performance the work only on condition of the conclusion by it and ECs "Sokolniki" of the relevant contract not less than **14 working days** before the start of an exhibition.

Questions concerning accreditation of the company builder can be addressed to the General builder of an exhibition - Ltd EC "Sokolniki".

We remind that:

- Choosing the exclusive booth, the construction has to have a floor covering, back and side walls not less than 2,5 meters high.
- The booth (part of the booth) shouldn't overstep the bounds of the space occupied by you.
- Placement of inscriptions, logos or other information on the parts of your booth turned towards the adjoining booths isn't allowed.
- The back parts of booths seen from passes and/or the next stands have to be monophonic white color.
- Carrying out installation works, it is necessary to remember that warehousing of the equipment and materials is allowed only within the leased area.
- Before installation be convinced that your booth is located in the place corresponding to the plan and corresponds to project metric area. Otherwise, in a case of an arrangement of your designs of general marking, you should make at own expense dismantle and repeated installation of the stand.
- After dismantle of the stand the place in pavilion has to remain in an original form (without construction garbage, an adhesive tape, etc.)

We remind that:

- The cost of rent includes installation, dismantle and adjustment of the leased equipment. All switching elements and cables which are included in the package are provided free of charge.
- Granting in rent of the sound equipment, audio-, video, projective equipment is available for rent only in specialized rooms of EC "Sokolniki" and at stands of participants.
- Using own audiovisual devices (plasma panels), Exhibitors need to list them in the letter of import-export.
- Installation of advertising vehicles, including "mobile billboards" out of the booth, is possible only on a paid basis and after coordination with the Organizer of an exhibition.
- Ready carrier of the Participant has to move on installation not less than in 10 (Ten) working days prior to an order date of performance.
- Carriers of the Participant are stored within 3 days after dismantle. Storage of carriers for longer term isn't carried out.
- The distribution of advertising materials and/or other actions directed on advertising of the Exhibitor and offered by such Exhibitor of goods/works/services have to be carried out by the Exhibition participant with observance of the rules below:
 - actions for advertising are carried out only after payment by the Exhibitor to the Organizer of the price specified in the form of No. 3 if the corresponding position is specified in the form of No. 3;
 - any actions for advertising which are carried out by the Exhibitor outside the exhibition booth(whatever they are paid according to the Form No. 3 or not), can be realized only in case they are coordinated with the Organizer in a written form;
 - any actions for advertising which are carried out both within the booth of the Exhibitor and outside it, shouldn't violate the right of other exhibitors and visitors of the Exhibition (an obstacle to pass, noise, smell, etc.). The exhibitor should organize work of the exposition and carrying out the promotion actions so that not to interfere a flow of visitors in passes and not to create threat or violation of the rights of other exhibitors and visitors.
- During the entire period of Exhibition, Exponent is forbidden to advertise (on the territory of Exhibition and also within the booth of the Exhibitor) any exhibition actions which are organized by other persons, i.e. not the Exhibition Organizer, and also the goods/service/work offered by any persons who aren't participating in the Exhibition.

Violation of this position will be considered by the Organizer as inadequate and uncoordinated advertising so that the Organizer reserves the right in any convenient way to the Organizer to prevent distribution of such advertising by the Exhibitor up to closing of access to the booth.
- For coordination with the Organizer for advertising outside the exhibition booth, the Exhibitor has to address to the Organizer for publicity coordination in writing not less than in 10 (Ten) working days prior to the beginning of the general period of holding the Exhibition: nature of publicity; the territory in which it is planned to carry out; the number of promoters (if there are some), and also other moments which can matter for free use of the territory of the Exhibition which isn't occupied with booths. All information has to be sent on **sale@diveshow.ru**.

Thus, the work of promoters, as well as all other publicity outside the booth, is necessary to be coordinated with the Organizer of an exhibition not because the Organizer intends to limit advertising campaigns of Exhibitors, but because of need to regulate and coordinate an advertising campaign of all exhibitors of an exhibition for observance of the rights and interests of each Exhibitor.
